GOVT. OF #GUJARAT HOSTS VIBRANT GUJARAT ROADSHOW IN TOKYO

Govt hosts 'Vibrant Gujarat Roadshow' in Tokyo

EXPRESSNEWS SERVICE
AHMEDABAD, OCTOBER 18

1 THE INDIAN Embassy hosted the 'Vibrant Gujarat Roadshow' in Tokyo on Monday, with 120 delegates participating from various sectors, including semiconductors, electronics and renewable energy, a statement by the state government said on Wednesday. Secretary (Science and Technology) Vijay Nehra submitted a presentation at the event, delving into opportunities in Gujarat and the two rapidly emerging economic hubs – GIFT City and Dholera Industrial City, the statement said.

In 2009, Japan had become the first partner country for the Vibrant Gujarat Summit and it has been a partner ever since. The Japan External Trade Organization had also joined as a partner organisation in 2009 and played an instrumental role in promoting Japanese manufacturers to explore business opportunities and invest in Gujarat ever since, the statement added.

The roadshow was followed by one-to-one meetings with 16 potential investors who expressed a keen interest in expanding their operations in Gujarat.

Nehra also held discussions with the Ministry of Economy, Trade and Industry.

NO BETTER PLACE THAN GUJARAT FOR WOMEN WHO WISH TO PURSUE A CAREER IN REAL ESTATE: MEENAKSHI

No better place than Gujarat for women who wish to pursue a career in real estate: Meenakshi

Meenakshi Khurana, managing director of SmartHomes Infrastructure Pvt Ltd. Real Estate Conglomerate in Dholera Smart City, believes that "behind a successful man there is a woman, and behind a successful woman is a family". A first-generation entrepreneur in her family, Meenakshi has been instrumental in promoting the brand 'Dholera' in the international real estate market as India's "First Greenfield Smart City". Armed with an MBA from Institute of Management Technology, Ghaziabad, the mother-of-two has been successfully running the real estate business for a decade now and has also received multiple awards for her work and vision in the industry.

The businesswoman, who built a multi-million real estate empire from nought, "aims to grow the SmartHomes Infrastructure into a multi-billion dollar business in Dholera Smart City which has the potential to become a Trillion Dollar Greenfield Smart City over the next couple of decades".

She reveals that she "plans to build 100,000 homes in Dholera Smart City by 2042". Currently, she is developing more than four townships spread across 400 acres with 50+ residential as well as commercial projects. Along with development of multiple projects, SmartHomes is working as the largest land aggregator of land inside town planning, close to Dholera International Airport and Dholera Expressway outside Dholera SIR; so far, she has "successfully aggregated more than 2,000 acres of land in the smart city".

Her workforce is led by women, with 60 per cent female employees working in various departments including sales and marketing, finance and accounts, legal and administration.

"Gujarat is a business-friendly state and safe for women who want to work in the real estate industry. I believe that every woman on this planet should be financially

I BELIEVE EVERY WOMAN SHOULD BE FINANCIALLY INDEPENDENT, AND I HOPE ALL THE STATES IN INDIA WILL BECOME AS BUSINESS-FRIENDLY AS GUJARAT FOR WOMEN

independent," says Meenakshi, who "credits Prime Minister Narendra Modi for providing a

safe and business-friendly ambience for women who want to build a career in Gujarat". She hopes that one day, all the states in India will be able to achieve the same.

Meenakshi Khurana, Managing Director of Smart Homes Infrastructure, Dholera's Real Estate Conglomerate, shares her experience on working in Dholera Gujarat with Times of India on International Women's Day.

DHOLERA SMART CITY INTERNATIONAL AIRPORT WORK IN FULL SWING

Dholera airport work in full swing

TIMES NEWS NETWORK

Ahmedabad: About nine months since the Union cabinet committee approved the Dholera International Airport Project, the runway construction work has finally begun, confirmed sources in the state government. The new greenfield airport, situated 103km from Ahmedabad, will be the second international airport for the city. A joint venture company named Dholera International Airport Company Limited (DIACL), where Airports Authority of India (AAI), GoG and National In-

dustrial Corridor Development and Implementation Trust (NICDIT) hold equity in the ratio of 51:33:16 respectively, has been formed to execute the project.

The total project cost is estimated to be Rs 1,305 crore and it will be completed within four years. The airport is at an aerial distance of 80km from Ahmedabad.

A senior official from Dholera Special Investment Regional Development Authority (DSIRDA) confirmed that it is likely that the project may be ready for commercial operations by fiscal year 2025-26.

RAIL LINK TO DHOLERA SIR A PRIORITY FOR GOVT

Rail link to Dholera SIR a priority for govt

TIMES NEWS NETWORK

Gandhinagar: The Union and the state governments will work to ensure quick rail connectivity for the Dholera special investment region (SIR).

An official statement issued on Tuesday said that the National Highways Authority of India (NHAI) has also assured the state government that it will prioritize construction of the proposed highway to join Ahmedabad to Dholera.

Chief minister **Bhupendra Patel** on Tuesday attended through video-conferencing the second meeting of the apex monitoring authority of the National Industrial Corridor Development Programme held in Delhi. Chief ministers and

CM ON DHOLERA SIR

● **600 units will be built** under the affordable rental housing model in the activation area

● **The process to allot plots** to industrial entities has already begun

● **Dholera SIR has attracted investments** for production of semiconductors, EV batteries, solar cells, and aerospace components

industries ministers of five other states virtually attended the meeting, held in the presence of Union finance and corporate affairs minister Nirmala Sitharaman and Union minister of commerce and industry Piyush Goyal.

The National Industrial Corridor Development Programme is the central government's ambitious infrastructure initiative to develop futuristic industrial cities in India.

An official statement said that Patel informed the Union ministers about the progress made so far in the development of Dholera SIR, including the construction of an airport, an expressway connecting Ahmedabad to Dholera and a railway line to connect the region with the Western Dedicated Freight Corridor.

The chief minister urged the apex authority to consider including Mandal-Bachrajai SIR in the Delhi-Mumbai

Industrial Corridor (DMIC), and also sought necessary approvals for the Ahmedabad-Dholera Semi High-Speed train project, the release said.

Apprising the ministers about the progress made in the development of Dholera SIR, a greenfield industrial smart city near Ahmedabad, Patel said the construction of various facilities in the activation area of the SIR is nearing completion and the process to allot plots to industrial entities has already begun.

Patel said that Dholera SIR has attracted investment for the production of semiconductors, EV batteries, solar cells and aerospace components, the release said.

He said that 600 units will be built under the affordable rental housing model of the Pradhan Mantri Awas Yojana in the activation area of the SIR, the release stated.

An official statement said that Patel informed the Union ministers about the progress made so far in the development of Dholera SIR, including the construction of an airport, an expressway connecting Ahmedabad to Dholera and a railway line to connect the region with the Western Dedicated Freight Corridor.

**RISE OF WOMEN IN THE REAL ESTATE INDUSTRY:
MEENAKSHI KHURANA AND SMARTHOMES DHOLERA ARE
BRANDS TO RECKON WITH IN THE REAL ESTATE SECTOR**

NAME TO RECKON WITH IN REAL ESTATE INDUSTRY

Meenakshi Khurana, director SmartHomes Infrastructure Dholera, receives the "Women of the Year Award in Real Estate Industry" in Times Power Women, 2023 event conducted by OMS (a Division of Times Internet Limited), based on a research by Avance Insights Pvt. Ltd. for her outstanding Contribution towards the Society

Meenakshi has taken SmartHomes Dholera to newer heights over a short span of 8 years. Today SmartHomes is one of the biggest real estate conglomerate in Gujarat and is the leading Developer and land aggregator in Dholera smart city.

With her dedication and commitment to develop Dholera Smart City she has set an example for the real estate industry to invest and develop such greenfield projects in India. Such type of development in greenfield smart cities creates opportunities for numerous jobs and such initiatives also boost overall country's economy.

She is committed to create her legacy and build one of the most successful brand in Real Estate by developing Dholera as a Global Industrial Smart City where Fortune 500 companies are now showing interest to start their manufacturing units.

Meenakshi believes that fame is temporary and legacy is permanent. That is why she always has always had her feet on ground and she wants to make sure

her company SmartHomes Infrastructure showcases her commitment and values when building a Smart City ecosystem in Dholera called SmartHomes Dholera.

SmartHomes Infrastructure is one of the leading developers and land aggregators in Dholera SIR and has also garnered Certificate of Recognition in the category for Real Estate Development in India's First Greenfield Smart City- Dholera SIR at the Times Gujarat Icons, 2022, event conducted by OMS (a Division of Times Internet Limited), based on a research by Avance Field and Brand Solutions LLP for its dedicated work in Dholera SIR & surroundings.

Currently the company is developing multiple residential and commercial projects and is aggregating Commercial, Residential and Industrial Land Parcels inside and outside Dholera SIR. Company plans to develop more than 100,000 Residential and Commercial units in Dholera SIR by 2042. So far company has also aggregated more than 5000+ Acres of Land in Dholera Smart City under the management of Meenakshi Khurana.

CM REVIEWS WORK AT DHOLERA SIR

CM reviews work at Dholera SIR

Chief Minister Bhupendra Patel on Thursday visited Dholera Special Investment Region (SIR) near here to review infrastructure works and other projects under construction at this greenfield initiative, an official said.

State-of-the-art infrastructure is being rapidly developed here in line with Prime Minister Narendra Modi's vision of making Dholera a world-class smart industrial city, said a release. "The Chief Minister was informed that more than 95 per cent of the work of Phase-I has been completed and now Dholera is ready to open new opportunities for investment through the global ecosystem," said the release.

Dholera SIR covers 22 villages of Dholera taluka of Ahmedabad district and an area of 920 square kilometers, and the smart city will help in creating huge skilled and semi-skilled employment opportunities with facilities like a 72 kilometre internal road network with dedicated underground service corridor and 150 MLD water supply, it said.

The CM was also informed in the meeting that Dholera is also suitable for new age sectors like semiconductor, display and green hydrogen. **AM**
